

Expression of Interest – New Hanger Development

The Niagara District Airport is a certified airport located in Niagara-on-the-Lake, Ontario. We are presently planning to build new hangars to accommodate growth at the Airport.

As part of our planning, we are inviting feedback from current and potential users of the Airport to see if there is any demand for space in the new hangars. This will help us to determine the appropriate size and quantity needed. We are interested in hearing from all users, including those who may be looking to establish a business on the Airport grounds where hangar access would be relevant.

If you are interested in hangar space, or if you have any questions in general, Airport staff will be happy to speak with you.

Niagara District Airport wants to hear from all parties interested so please email to the following:

Contact Information:

Brenda Henricks

Niagara District Airport Executive Assistant

Phone: 905-684-7447 Ext. 10

Email: bhenricks@niagaradistrictairport.ca

If email is not available, please contact Brenda and provide the particulars of interest.

ABOUT THE AIRPORT

The Niagara District Airport is the only certified airport in the Niagara Region. The Airport has a 5,000 foot runway, two Secondary Runways (2498 feet and 1988 feet) and full terminal facilities as well as multiple services for visiting and permanent aircraft. Allied Aviation is the Fixed Base Operator at the Airport providing fuel and all other services required.

Under the Infrastructure Stimulus Fund (ISF) the NDA Airport has a total of 11.6 million dollars of improvements since 2010 including:

1. Runway 06/24 rehabilitation
2. New parallel Taxiway "C"
3. Apron extension
4. Airfield lighting – DCLED

5. New terminal
6. New domestic water system
7. Additional parking lot
8. Improved groundside lighting
9. New road to SW Aviation area (Hangar Line Road)
10. Perimeter Fence with access controlled gates
